MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of September, the Department of Human Services received 5,819 applications for Aid to Families with Dependent Children, an increase of 181 (3.2 percent) over the number received during August. In comparison with the number of applications received during September of the preceding year, there was a decrease of 1,452 applications (20 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,977 AFDC applications during September.This number was 49.6 percent of the total applications on hand. It compares with 52.3 percent of the total number on hand for which investigations were completed during the preceding month and 42.6 percent for which investigations were completed during the same month of the preceding year. Three thousand eight hundred and three (63.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during September, in comparison with 3,560 applicants (57.6 percent of those investigated) approved the preceding month and 3,584 applicants (65.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 6.8 percent over the number approved in August, and an increase of 6.1 percent over the number approved in September 1986. The rate of approvals for the AFDC Program increased over the preceding month by 6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 2.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during September amounted to $10,341,575.00. This was a decrease of 0.6 percent from the amount of money payments for August, but an increase of 18.1 percent over the money payments for September of the preceding year. Payments were made for 66,345 families with 122,491 children at an average grant of $155.88 per family and $84.43 per child. The average grant decreased from August by $0.50 per family and $0.26 per child. In comparison with the same month of last year, the average grant showed an increase of $10.53 per family and an increase of $5.67 per child.

CASES CLOSED

Two thousand seven hundred and ninety-nine AFDC cases were closed during September, an increase of 9.3 percent over the August closures. In comparison with the same month of the preceding year, the closures showed an increase of 4 percent. One hundred and seventy-two (6.1 percent) of the AFDC cases closed during September were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand six hundred and twenty-seven (93.9 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of October, the Department of Human Services received 5,084 applications for Aid to Families with Dependent Children, a decrease of 735 (12.6 percent) from the number received during September.In comparison with the number of applications received during October of the preceding year, there was an increase of 101 applications (2 percent).

Investigations were completed on 5,332 AFDC applications during October. This number was 47.8 percent of the total applications on hand. It compares with 49.6 percent of the total number on hand for which investigations were completed during the preceding month and 48 percent for which investigations were completed during the same month of the preceding year. Three thousand three hundred and sixty-eight (63.2 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during October, in comparison with 3,803 applicants (63.6 percent of those investigated) approved the preceding month and 3,871 applicants (65.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 11.4 percent from the number approved in September, and a decrease of 13 percent from the number approved in October 1986. The rate of approvals for the AFDC Program decreased from the preceding month by 0.4 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 2.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during October amounted to $10,354,006.00. This was an increase of 0.1 percent from the amount of money payments for September, and an increase of 13.4 percent over the money payments for October of the preceding year. Payments were made for 66,469 families with 122,720 children at an average grant of $155.77 per family and $84.37 per child. The average grant decreased from September by $0.11 per family and $0.06 per child. In comparison with the same month of last year, the average grant showed an increase of $7.74 per family and an increase of $4.26 per child.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of November, the Department of Human Services received 5,605 applications for Aid to Families with Dependent Children, an increase of 521 (10.2 percent) over the number received during October. In comparison with the number of applications received during November of the preceding year, there was an increase of 436 applications (8.4 percent).

Investigations were completed on 5,224 AFDC applications during November. This number was 45.7 percent of the total applications on hand. It compares with 47.8 percent of the total number on hand for which investigations were completed during the preceding month and 51.1 percent for which investigations were completed during the same month of the preceding year. Three thousand three hundred and two (63.2 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during November,in comparison with 3,368 applicants (63.2 percent of those investigated) approved the preceding month and 3,872 applicants (65.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 2 percent over the number approved in October, but a decrease of 14.7 percent from the number approved in November 1986. The rate of approvals for the AFDC Program showed no change from the preceding month but if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 2.2 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during November amounted to $10,314,255.00. This was a decrease of 0.4 percent from the amount of money payments for October, but an increase of 7.1 percent over the money payments for November of the preceding year. Payments were made for 66,088 families with 122,098 children at an average grant of $156.07 per family and $84.48 per child. In comparison with the same month of last year, the average grant showed an increase of $3.56 per family and an increase of $2.00 per child.

CASES CLOSED

Two thousand eight hundred and fifty-eight AFDC cases were closed during November, a decrease of 1 percent from the October closures. One hundred and eighty (6.3 percent) of the AFDC cases closed during November were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand six hundred and seventy-eight (93.7 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of December, the Department of Human Services received 4,066 applications for Aid to Families with Dependent Children, a decrease of 1,539 (27.5 percent) from the number received during November. In comparison with the number of applications received during December of the preceding year, there was a decrease of 665 applications (14.1 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 5,499 AFDC applications during December. This number was 53.5 percent of the total applications on hand. It compares with 45.7 percent of the total number on hand for which investigations were completed during the preceding month and 55.8 percent for which investigations were completed during the same month of the preceding year. Three thousand six hundred and fifty-three (66.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during December, in comparison with 3,302 applicants (63.2 percent of those investigated) approved the preceding month and 3,846 applicants (66.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 10.6 percent over the number approved in November, but a decrease of 5 percent from the number approved in December 1986. The rate of approvals for the AFDC Program increased over the preceding month by 3.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed a decrease of 0.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during December amounted to $10,278,820.00. This was a decrease of 0.3 percent from the amount of money payments for November, but an increase of 5.8 percent over the money payments for December of the preceding year. Payments were made for 65,986 families with 121,903 children at an average grant of $155.77 per family and $84.32 per child. The average grant decreased from November by $0.30 per family and $0.16 per child. In comparison with the same month of last year, the average grant showed an increase of $4.80 per family and an increase of $2.68 per child.

CASES CLOSED

Two thousand six hundred and eleven AFDC cases were closed during December, a decrease of 8.6 percent from the November closures. In comparison with the same month of the preceding year, the closures showed an increase of 30.2 percent. One hundred and sixty-eight (6.4 percent) of the AFDC cases closed during December were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand four hundred and forty-three (93.6 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of January, the Department of Human Services received 5,728 applications for Aid to Families with Dependent Children, an increase of 1,662 (40.9 percent) over the number received during December. In comparison with the number of applications received during January of the preceding year, there was an increase of 209 applications (3.8 percent).

Investigations were completed on 4,560 AFDC applications during January. This number was 43.4 percent of the total applications on hand. It compares with 53.5 percent of the total number on hand for which investigations were completed during the preceding month and 46.1 percent for which investigations were completed during the same month of the preceding year. Two thousand nine hundred and ninety-four (65.7 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during January, in comparison with 3,653 applicants (66.4 percent of those investigated) approved the preceding month and 3,063 applicants (65.7 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 18 percent from the number approved in December, and a decrease of 2.3 percent from the number approved in January 1987. The rate of approvals for the AFDC Program decreased from the preceding month by 0.7 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed no change.

ASSISTANCE PAYMENTS

Money payments for AFDC during January amounted to $10,343,913.00. This was an increase of 0.4 percent over the amount of money payments for December, and an increase of 6.8 percent over the money payments for January of the preceding year. Payments were made for 66,557 families with 123,318 children at an average grant of $155.41 per family and $83.88 per child. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of February, the Department of Human Services received 4,588 applications for Aid to Families with Dependent Children, a decrease of 1,140 (19.9 percent) from the number received during January. In comparison with the number of applications received during February of the preceding year, there was a decrease of 98 applications (2.1 percent).

Investigations were completed on 5,056 AFDC applications during February. This number was 48 percent of the total applications on hand. It compares with 43.4 percent of the total number on hand for which investigations were completed during the preceding month and 50 percent for which investigations were completed during the same month of the preceding year. Three thousand four hundred and eighteen (67.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February,in comparison with 2,994 applicants (65.7 percent of those investigated) approved the preceding month and 3,323 applicants (65.5 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 14.2 percent over the number approved in January, and an increase of 2.9 percent over the number approved in February 1987. The rate of approvals for the AFDC Program increased over the preceding month by 1.9 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.1 percent.

Money payments for AFDC during February amounted to $10,400,272.00. This was an increase of 0.5 percent over the amount of money payments for January, and an increase of 4 percent over the money payments for February of the preceding year. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED During the month of March, the Department of Human Services received 5,461 applications for Aid to Families with Dependent Children, an increase of 873 (19 percent) over the number received during February. In comparison with the number of applications received during March of the preceding year, there was an increase of 484 applications (9.7 percent).

APPLICATIONS DISPOSED OF Investigations were completed on 6,275 AFDC applications during March. This number was 57.3 percent of the total applications on hand. It compares with 48 percent of the total number on hand for which investigations were completed during the preceding month and 55.4 percent for which investigations were completed during the same month of the preceding year. Four thousand two hundred and eighty-two (68.2 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during March, in comparison with 3,418 applicants (67.6 percent of those investigated) approved the preceding month and 3,692 applicants (66.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 25.3 percent over the number approved in February, and an increase of 16 percent over the number approved in March 1987. The rate of approvals for the AFDC Program increased over the preceding month by 0.6 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.9 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during March amounted to $10,797,806.00. This was an increase of 3.8 percent over the amount of money payments for February, and an increase of 6.6 percent over the money payments for March of the preceding year. Payments were made for 68,603 families with 127,154 children at an average grant of $157.40 per family and $84.92 per child. The average grant increased over February by $2.15 per family and $1.20 per child. In comparison with the same month of last year, the average grant showed an increase of $5.75 per family and an increase of $2.61 per child.

CASES CLOSED Two thousand two hundred and thirty AFDC cases were closed during March, an increase of 3.2 percent over the February closures. In comparison with the same month of the preceding year, the closures showed an increase of 9.3 percent. One hundred and thirty (5.8 percent) of the AFDC cases closed during February were closed because of a change in economic circumstances, chiefly employment increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. Two thousand and one hundred (94.2 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.

It compares with 57.3 percent of the total number on hand for which investigations were completed during the preceding month and 51.2 percent for which investigations were completed during the same month of the preceding year. Three thousand and ninety eight (65.7 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during April, in comparison with 4,282 applicants (68.2 percent of those investigated) approved the preceding month and 2,991 applicants (64.4 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 27.7 percent from the number approved in March,but an increase of 3.6 percent over the number approved in April 1987. The rate of approvals for the AFDC Program decreased from the preceding month by 2.5 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 1.3 percent.

It compares with 51.1 percent of the total number on hand for which investigations were completed during the preceding month and 44.4 percent for which investigations were completed during the same month of the preceding year. Three thousand one hundred and fifty (67.9 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during May, in comparison with 3,098 applicants (65.7 percent of those investigated) approved the preceding month and 2,716 applicants (65.3 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 1.7 percent over the number approved in April, and an increase of 16 percent over the number approved in April 1987. The rate of approvals for the AFDC Program increased over the preceding month 2.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.6 percent.

ASSISTANCE PAYMENTS Money payments for AFDC during May amounted to $10,422,865.00. This was a decrease of 1.6 percent from the amount of money payments for April,but an increase of 4.5 percent over the money payments for May of the preceding year. Payments were made for 67,309 families with 125,444 children at an average grant of $154.85 per family and $83.09 per child. MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of June, the Department of Human Services received 5,431 applications for Aid to Families with Dependent Children, an increase of 270 (5.2 percent) over the number received during May. It compares with 49.8 percent of the total number on hand for which investigations were completed during the preceding month and 46.3 percent for which investigations were completed during the same month of the preceding year. Three thousand four hundred and twenty-three (67.6 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 3,150 applicants (67.9 percent of those investigated) approved the preceding month and 3,108 applicants (64.8 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 8.7 percent over the number approved in May, and an increase of 10.1 percent over the number approved in June 1987. The rate of approvals for the AFDC Program decreased from the preceding month 0.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.8 percent.

It compares with 50.1 percent of the total number on hand for which investigations were completed during the preceding month and 44.8 percent for which investigations were completed during the same month of the preceding year. Three thousand one hundred and sixty-five (67.4 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during July, in comparison with 3,423 applicants (67.6 percent of those investigated) approved the preceding month and 3,260 applicants (64.9 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 7.5 percent from the number approved in June, and a decrease of 2.9 percent from the number approved in July 1987. The rate of approvals for the AFDC Program decreased from the preceding month 0.2 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 2.5 percent.
